Connected to you

# A-max

## Professional standard

Including Micro-max, Minno-max and Smart-max models

A-max trailers have been developing from ideas and principles directly traced back to the highly successful first Brian James car transporter trailer in 1979.

The latest designs remain true to the first established ethos of a low and stable chassis. New features transform functionality and ensure the operator's experience is always safe and easy.

Lightweight, with a low bed height and absolute stability remain the cornerstones of this popular and adaptable trailer series.

# A-max

The ultimate car transporter trailer design.

Core features provide the fastest and safest ramp loading system yet devised. Its light weight, low centre of gravity combination is safe and stable, providing the well controlled towing experience that all Brian James Trailers customers have come to expect. To provide for the growth in size of many modern vehicles A-max trailers offer wide beds of up to 1.96m (6ft 5).

Standard equipment plus a comprehensive options list ensure you can create a specification to suit your needs. See overleaf for details of **options and accessories for A-max trailers**.

A-Max Product codes	Load bed length	Load bed width	Gross cap. Kg	Load cap. Kg	5 YEAR chassis warranty
120-1100	3.6m (12ft)	1.76m (5ft 9)	2,000	1,500	✓
120-1150	3.6m (12ft)	1.96m (6ft 5)	2,000	1,500	✓
120-2050	4.0m (13ft)	1.76m (5ft 9)	2,000	1,490	✓
120-2100	4.0m (13ft)	1.96m (6ft 5)	2,000	1,490	✓
120-2150	4.3m (14ft)	1.76m (5ft 9)	2,000	1,470	✓
120-2200	4.3m (14ft)	1.96m (6ft 5)	2,000	1,470	✓
120-3050	4.3m (14ft)	1.96m (6ft 5)	2,600	2,035	✓
120-2300	4.8m (16ft)	1.96m (6ft 5)	2,000	1,440	✓
120-3100	4.8m (16ft)	1.96m (6ft 5)	2,600	2,015	✓

## Commercial Quality

## Low loading

## Easy loading

**Modern Lighting system** with full EEC type approval, including the latest reverse lamps + 13-pin plug, supplied with adapter to 7 pin

**Purpose made High-impact** polyethylene mudguards ensure that cars remain clean on your A-max

**Safety grip** pads give improved security to operator and vehicles alike

**Wheel Chocks** are an option to provide a known stop point during loading

**Manual or Electric winch** options are invaluable for loading stricken vehicles

**Hot Dip Galvanised** chassis and loading ramps. Ultimate durability

**Spare Wheel / tyre** for reassurance

**Trailer specific tyres** offer the maximum load space with reduced overall width

**Mefro** wheels from Germany are the finest quality steel wheels. Featuring an electro-phosphate paint process for real durability

**Flush fitting centre deck** option infills the gap between the galvanised main chassis offering improved safety and protection. Includes a storage box

**Rear corner protection** for lamps and pedestrians with large diameter tubes

**'Kick down' rear stands** support the trailer while loading. Fast and easy action

**Safety grip** pads on each ramp dramatically increase grip when loading vehicles in wet conditions

**Easy Slide Ramps** pull out from under the trailer bed in a few seconds. The specially developed Nylon runners ensure that the operation requires little effort. Dampers are employed to reduce noise levels when travelling. 1.9m ramps specified as standard on A-max models providing easy loading angles

Overall trailer dimensions:

OVERALL LENGTH = Load bed length + 1.37m (4ft 6)

OVERALL WIDTH Load bed width 1.76m 2.13m (7ft)

OVERALL WIDTH Load bed width 1.96m 2.30m (7ft 6)

# Micro-max + special version Smart-max

**Smart-max** (170-0800) is the car trailer dedicated to original Smart Four Two, exactly the right size and layout.

The majority of the **Micro-max** range is designed for compact cars such as the Toyota IQ. All can be driven straight onto the trailer. As the chassis design is A-max derived, owners benefit from what is the fastest and safest ramp loading system on the market, making these little trailers entirely suitable for those who require ease of use, safety and security behind a motor home.

**Smart-max (170-0800)** is purpose designed for driving the Smart Car straight onto the bed for easy operation

Easy loading

Compact

**Micro-max (150-range)** is available in a number of sizes to provide the best choice possible for many different combinations

Overall trailer dimensions:

OVERALL LENGTH 2.5 3.80m (12ft 5)

OVERALL LENGTH 2.7 4.00m (13ft)

OVERALL LENGTH 3.0 4.34m (14ft 3)

OVERALL WIDTHS 1.71m = 2.05m, 1.76m = 2.13m, 1.96m = 2.30m

# Minno-max

**Minno-max** suits compact and lightweight race or road cars. Overall dimensions of the Minno-max are based on the ability to enter an average car garage. Once inside, Minno-max can store your car onboard, safe and secure.

Minno-max models are part of the A-max range of trailers, all of the detailed features of A-max also feature on Minno-max.

**1.9m long loading ramps** are specified for low ground clearance cars to load easily, without damage

Easy loading

Low loading

Compact

Overall trailer dimensions:

OVERALL LENGTH 160-1050 4.62m (15ft 2)

OVERALL LENGTH 160-1060 5.22m (17ft 2)

OVERALL WIDTH 2.05m (6ft 9)

Micro-max Product code	Load bed length	Load bed width	Gross cap. Kg	Load cap. Kg	5 YEAR chassis warranty
170-0800	2.5m (8ft)	1.71m (5ft 7)	1,300	1,025	✓
150-0900	2.7m (9ft)	1.76m (5ft 9)	1,300	1,015	✓
150-1000	3.0m (10ft)	1.76m (5ft 9)	1,300	1,000	✓
150-1010	3.0m (10ft)	1.96m (6ft 5)	1,300	1,000	✓

Minno-max Product code	Load bed length	Load bed width	Gross cap. Kg	Load cap. Kg	5 YEAR chassis warranty
160-1050	3.4m (11ft 2)	1.71m (5ft 7)	1,600	1,200	✓
