CARGO COMPACT

CARGO COMPACT

SMALL AND PROFICIENT.

Lightweight, robust construction ensuring full commercial durability
CarGO Compact is fit for purpose. The models feature wheels under bed for convenient deck access.

Attractive to private and business operators alike, **CarGO Compact** is able to deal with a variety of tasks. A wide range of optional equipment is available.

CarGO Compact adapts to tough working environments.

- Heavy equipment does not damage the trailer. The **reinforced deck** uses 18mm HD phenol ply, framed and supported by substantial steel chassis sections.

- **Ladder rack**, convenient for carrying over length materials. Easy securing tie-down points.

- Low and light **chassis** with 'soft ride' suspension delivers a stable, comfortable performance. The hot dip zinc galvanised chassis has a unique 5 year warranty.

● Standard. ○ Optional at extra cost.

CARGO COMPACT

CARGO COMPACT FEATURES AND ACCESSORIES.

○ **High grip punched ramps**, suitable for side or rear loading.

○ **Galvanised steel drop down sides**. Strong and durable, the sides are a must for bulk goods transport.

Safe **locking** and **storage** of ramps below bed for maximum convenience.

Easy glide ramps slide out design. Quiet when travelling.

● **Integrated lighting** is well protected and fully compliant with EEC directive 76/7556.

Drop down **rear door** is part of the side option.

Kick down rear stands included with ramp option. Rear stands provide instant support for loading.

○ Steel headboard.

○ Ladder rack incorporated end stops and multiple tie-down points. This option allows transport of longer loads. Headboard required.

● Spare wheel mounted on front crossmember for easy access.

● Jockey wheel, heavy duty. With locking clip.

● Tie-down points located internally along the length of the chassis, for maximum accessibility. Tie-down points include flexi slot covers to provide a sealed bed surface.

○ Tie-down ratchet straps, for easy and secure fastening.

○ Aluminium drop sides are strong, light and feature internal extruded strengthening sections.

○ Light alloy wheels present a professional image. TÜV approved. Includes locking safety wheel bolts.

● Wheels under bed give a fully flat load area right up to the sides whilst maintaining a low centre of gravity.

● Rope hooks. Additional anchorage along the sides provided by under deck rope hooks. The hooks ensure safe and convenient tie-down of loose loads.

● VIN (Vehicle Identification Number) engraved into main chassis for security.

● Single axle model is available in 2.50m bed length.

● Heavy duty, low profile tyres provide an extra low bed loading height.

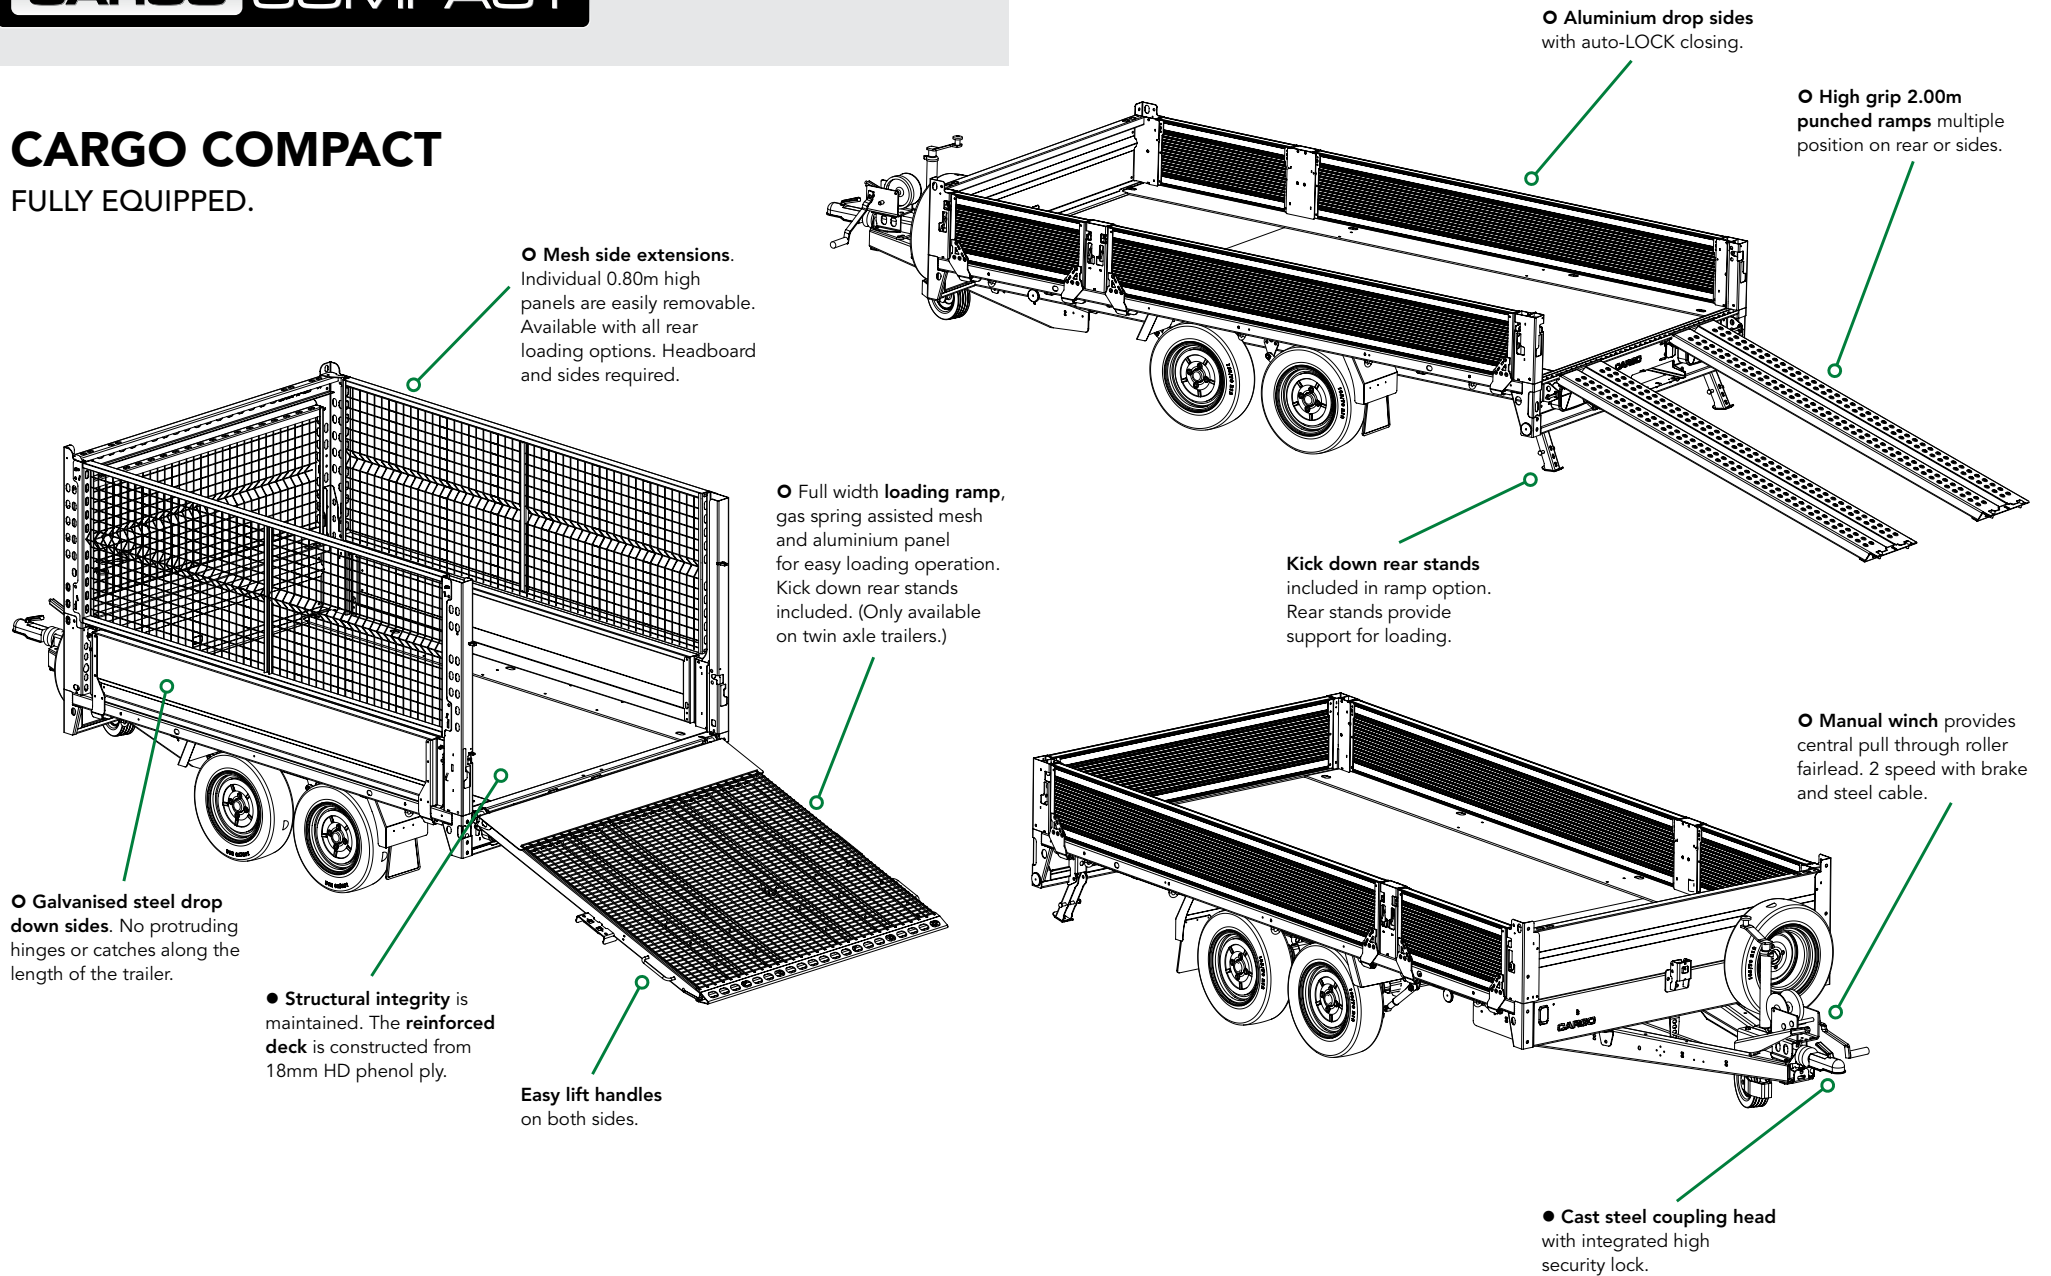

● Standard. ○ Optional at extra cost.
